## ABOUT ME

Highly motivated and tech-savvy 16-year-old student with a passion for coding and computers. Eager to leverage strong problem-solving skills, quick learning ability, and a collaborative spirit to contribute to a fast-paced internship environment. Possesses a strong foundation in various programming languages and enjoys tackling challenges related to web development, data analysis and software engineering. Additionally, excellent communication and interpersonal skills ensure seamless collaboration and project management. Seeking an internship opportunity to gain practical experience, apply knowledge, and contribute meaningfully to a team.

## EXPERIENCE

- **Summer Intern** JUNE - JULY 2024  
NT DATA CONSULTING
  - Developed and executed programming and communicating skills that helped the company.
  - Worked with a talented team of software engineers.
  - Sharpened and learned new web design skills.
- **Programming Club Vice President** 2023 -  
GROUPE SCOLAIRE AL HANANE II
  - Helped in teaching over 20 students the basics of computers and programming in Python.
  - Participated & Won 1<sup>st</sup> place in a school programming competition.
  - Collaborated with teams outside of IT, improving cross-functional collaboration by a significant margin.
- **1<sup>st</sup> Place Winner** 2025  
Al Hanane Public-speaking contest
- **Jury Award winner** 2025  
HackClub Scrapyard Casablanca 2025
  - Made valuable connections with other young IT enthusiasts
  - Got to participate in the building of a Web project with my team
- **2<sup>nd</sup> Place Winner** 2025  
Hackathon Orientin'o Souss 2025
  - Worked with a team of 4 on Na'at, a web app that streamlines application workflows between students and schools. Our open-source MVP topped 20+ teams to secure 2nd place.

Dear Sir or Madam,

I am writing to express my interest in an internship opportunity at your company. As a dedicated and enthusiastic high school student with a strong passion for IT and Software development, I am eager to gain real-world experience and contribute meaningfully to a professional team.

What I can contribute to your company goes beyond my technical skills and academic background. I am committed to bringing fresh perspectives and genuine enthusiasm to your team while supporting ongoing projects with dedication and attention to detail. My ability to approach challenges with innovative thinking and strong communication skills will allow me to collaborate effectively with your team. I am excited about taking ownership of assigned tasks and delivering quality results within established deadlines, while applying my academic knowledge to real-world challenges.

Regarding what I expect from this internship, this opportunity represents a crucial step in my professional development. I am eager to gain hands-on experience with industry-standard tools and methodologies while learning best practices in software development and team collaboration. Understanding the complete project lifecycle and gaining industry insight into how theoretical knowledge translates into practical applications is particularly important to me.

From a career preparation perspective, I hope to build a network of professional contacts and mentors who can guide my development. I value constructive feedback as essential for growth and see this experience as vital for clarifying my career path and establishing long-term professional goals.

I view this internship as a true partnership where I can contribute fresh energy and perspectives while learning from experienced professionals. I am committed to making this experience valuable for both myself and your organization.

Best regards,  
Reda MAJLAL
